The Board of Selectmen met in regular session Monday, May 10, in the meeting room of the Bethel Savings Bank and acted on several matters of importance.

A public hearing opened the meeting to discuss comments on the victualer, liquor and entertainment license applications from Ronald L. Gilbert for his proposed restaurant, "The Pits", to be located on Grover Hill Road. The Board denied similar applications at a public hearing in April. Mr. Gilbert was in partnership at that time with Sherwood Jordan of Bethel, since dissolved.

The Board considered comments from the residents present at the hearing concerning increased police protection, parking accommodations, music outside the building but still on the premises, location of the business vis-a-vis neighboring residents, and driveway entrance/exit on Grover Hill Road. Mr. Gilbert indicated that the "The Pits" will be a restaurant serving light lunches and beer in a family atmosphere with various video games and a pool table. When all comments were heard, the Board voted to grant all three licenses.

The Selectmen appointed Arnold Brown to the Radio Study Committee and re-appointed Cathy Newell to the Planning Board; John Head and Edwin Brown to the Airport Advisory Committee, and Richard Carter and Margaret Tibbets to the Budget Committee. It was noted that some Board/Committee positions remain unfilled. Two seats on the Budget Committee and one position each on the Planning Board and Recreation Committee are vacant. Anyone interested in serving in these areas should contact the Town Office or any member of the Board of Selectmen.

The Board acted on the Fire Department request to purchase a 2,000 gallon tank with pump for the price of \$1,000 to replace the deteriorated 1,500 gallon tank. The Fire Department is at work finding answers to questions regarding the power train and axle load capacity of the Chevy chassis before proceeding to mount the new tank and pump. However, it was noted that tanks of this size and medical condition are in high demand/low supply and usually command a much higher price tag. After ascertaining that the tank could be resold at cost if chassis strength problems could not be resolved, the Board approved the request.

Directors' Meeting

The Board of Directors of S.A.D. 44 met in regular session on Monday evening of this week at the Telstar Library.

The Directors set Monday evening, May 24, as the date for the Annual School District Budget Meeting. The meeting is scheduled to start at seven o'clock in the Telstar Auditorium.

This Board declined to approve an article for inclusion in the Annual Meeting warrant that would have sought \$16,500 in S. A. D. 44 funds as a portion of funding for an Energy Conservation Project at Crescent Park School. The project carried an estimated total cost of \$33,000, with funds other than the District's share coming from the Federal Government. Amounts for inclusion in the Warrant for district meeting were approved by the Board.

The position of Track Coach at the Telstar Middle School was approved by the Board and authorization was granted to post the position.

The Telstar Principal, Warren Bouchard, reviewed the Telstar curriculum for 1982-83, centering mainly on homogenous grouping to be implemented in the freshman and sophomore classes (grades 9 and 10).

Dr. Wayne Gersen, Superintendent of Schools, reviewed staffing proposals for the next school year. Discussion centered principally on the situation at the Andover Elementary School where a reduction of one teacher is tentatively scheduled for next year. Because of a reduction in pupil population forecast (from 109 this year, to 93 next year), five teachers instead of six are tentatively planned to be assigned to the Andover School.

Dr. Gersen reviewed the status of possible sites for the proposed new Woodstock Elementary School. It is expected that a proposed site will be a subject for Board action within a month.

Prior to the business portion of the meeting, John Emery of the Andover Elementary School, expressed the concern of the school's staff on the proposed staffing of the facility for the next school year. Several other Andover teachers were also present.

Joe Stowell, a student at the Woodstock Elementary School, reported on the trip of the school's fifth and sixth graders to Boston last Friday. They visited the U.S.S. Constitution, the New England Aquarium and the Planetarium. They left Woodstock at 5 a. m. and returned late in the day.

Director Fred Burk of Newry was not present Monday evening. The next scheduled meeting of the S.A.D. 44 Board will follow the Annual District Budget Meeting on Monday evening, May 24.

TWO VISITING PHYSICIANS AT BETHEL HEALTH CENTER DURING MAY

During the month of May there are two visiting physicians at the Bethel Area Health Center.

Dr. Steve Dunlap is at the Center for the full month. A resident at Maine Medical Center, Dr. Dunlap is entering his third and final year of specialty training in family practice. He has chosen Bethel as a one-month elective in rural family medicine in order to get additional experience within a community setting and away from a hospital.

Originally from Manchester, Conn., Dr. Dunlap received his undergraduate degree in Biology from New College in Sarasota, Fla. He is a 1979 graduate of the University of Florida College of Medicine.

Dr. Ruth Endicott is at the Center through May 23. She is substituting for Dr. Williams while Dr. Williams is on her wedding trip.

A board certified family practitioner, Dr. Endicott maintains a private practice in Ogunquit. A graduate of Woman's Medical College in Pennsylvania, Dr. Endicott did her rotating internship at Cambridge City Hospital in Cambridge, Mass., and her residency in family practice at Maine Medical Center.

The Health Center is pleased to have Drs. Endicott and Dunlap in Bethel. The Center can continue to offer the greater Bethel community a full range of health services as well as 24 hour emergency coverage during Dr. Williams' absence.

members were regaled with stories

and anecdotes on Mollycokett by

Joe Perham at their last meeting.

Mr. Perham concentrated on some

of the less savory aspects of the

Indian squaw's life—her old age,

drunkenness and infidelities. Yet

he also emphasized her faith and

healing prowess. A large gathering

heard the speech and music in the

museum. The recent Senior Citizens

dinner was also a notable success

and most members of that group

took a tour of the museum subsequent to the meeting.

The museum collection is growing

by leaps and bounds with several

photos, playbills and old newspapers

being contributed. The members

take great pleasure in meeting

in the museum building where they

are surrounded by the varied collection. In addition, the building

will now be made secure by a new

burglar alarm system. A committee

headed by Paul Billings, recently

obtained the alarm. No doubt

contributions will now increase.

Mr. and Mrs. David Fleet took Tammy to Manchester, N. H., to look around at Hesser College, where she will be going in the fall.

Mr. and Mrs. Bryce Yates went to Bangor to visit friends over the week end.

Mr. and Mrs. Gerald Harrington, Brad and Penny Fleet, visited Mr. and Mrs. Hal Fournier and children in Portland on Sunday.

I have a lot of grosbeaks and purple finches at the feeders. On Thursday I saw a bluebird.

Mr. and Mrs. David Fleet called on Julia at Ledgeview and found her real good. On Friday she was outside in a wheelchair to look around.

Sent in by Eva Yates

A dark morning but the rain should bring up the grass and call out the lawnmowers. What beautiful music we are having—the caw caw of the old black crow, the peep-peep of the frog and to see the robins makes you feel all right with the world when it isn't. If the White House folks got only fair pay it might, you know, get an honest person once in a while in those offices. Reagan is all for cut this, cut that. I wish he had to take a cut of salary to about \$25,000 a year. If he couldn't get by on that let him (tighten his belt). I bet the only donations he makes in a year he plans to have it return to him double what he gives. Let's see this is news morning. What do we have for news.

Mr. and Mrs. B. H. Yates have been in Bangor with friends over the week end. Since retiring B. H. is busier than when he was logging.

Mothers day, like all holidays has come and gone. It was a wet day for mothers but lots of them were out. The Go-Shoes went to South Paris for dinner with Mr. and Mrs. Bernard Hutchins.

Peggy Blake is back to work after her bout with walking pneumonia.

Joe Yates was sick so Bear River Grange was postponed—he is feeling better.

Darnita Yates is working up at the new restaurant on the Skivay Road.

Polly Dunbar of Oxford spent Monday with her grandmother, Eva, and uncle Joe.

Mrs. Viva Whitman of Norway and daughter Wynona spent Saturday afternoon with her mother and uncle Joe. Wynona lives in Auburn.

Peggy Blake spent Sunday with brother Joe. B. H. Yates visited a spell with his mother and brother Joe last Tuesday. Wednesday he was in Augusta on business.

Joe and Eva and Verna Swan went to Oxford Pomona at West Paris last Tuesday. May 4, so you see the Go Shoes are not on the hook all the time. They groan some as they thrash around but they still go.

The most of the plants and shrubs look like they had had a nice warm winter and are anxious to grow now.

Joe Yates transplanted a lot of tomato plants the other night. Don't know what he is going to do with them all—he won't use them all.

Darnita Yates has been doing some painting for her Uncle Joe.

Mrs. Barbara Yates and baby Eva, were callers at Joe's Thursday.

The Asher Rannels had company this week end.

I think it's O.K. now to put the red flannels to sleep in the moth balls, but if we get a cold snap, don't blame me.

Ill members reported by the Chaplain were Edna Lord, Vera Cole and Eva Hazelton. Three deaths were reported.

The winners on the apple sauce cake were, for the men, Mr. Stevenson, Oxford Grange; and for the women, Mary Adley, Harrison. The dresses were asked to be turned in very soon for judging.

The request for aid to the State Educational Aid and Nurses Fund was received and the CWA will take that over and donate later.

The chairman of the Legislative Committee, Nestor Tamminen, spoke on AFL/CIO work, also about the grain embargo which hit the Midwest badly. May 15, there will be a meeting of the Legislative Committees at the Grange home in Augusta.

This was an unusually large meeting, 103 present. There were visitors present from New Century and Androscoggin Pomonas. Some of the high lights of the reports were: Franklin, Mock Hoe Haw show, May 22, Oxford is having a public supper, May 15, Paris a game party every week for the summer; Pleasant Pond is serving a fried clam supper soon, watch for the date; some of the Granges are taking in candidates. The next meeting of Oxford Pomona will be June 1 at Franklin Grange when officers will be chosen for the coming year. They are to be installed in September.

Eveline B. Vatcher, Corres.

I hope that all the Mothers and Grandmothers everywhere had an enjoyable Sunday on their day. The weather wasn't the best but it could have been worse.

The Community Club held their first meeting of the year at the hall May 5, and officers were elected as follows: President, Doris Lawrence; Vice President, Joe Kalnowski; Secretary, Susan Lyons; Treasurer, Beryl Oja. Plans were made for a public supper May 22. There will be heat in the hall in case of inclement weather. Soliciting, Doris, Joe K. and Sandra Broberg. Clean up committee, Joe Vatcher and helpers. The damage to windows that were stove out during the winter are being repaired. We want everything ready for the culprits before another winter sets in.

Harlan Abbott, Sayward Lamb and Joe Vatcher went to Mill Brook in Magalloway smelting Friday evening and brought home some lovely smelts. Several others also went but I didn't get their names.

Callers at Lawrences: Mr. and Mrs. Pete Lawrence, Albert Penley Sr., Mrs. Ellen Coffin, Norway; Mr. and Mrs. Herman Card and great granddaughter, Danille Wadsworth, Jimbo Coffin, Joe and Eveline Vatcher, Mr. and Mrs. Norman Abbott and Jo-Anne, Mr. and Mrs. Carroll Records, Barbara Felt, Sharon and Jennie.

Mr. and Mrs. Kenneth Vatcher and three children, Lynn, Mass., and his mother, Mrs. Rhoda Vatcher, came to Rhoda's Saturday evening and returned to Massachusetts on Sunday and took the car that he had bought from his mother.

Doris Lawrence, Marietta Penley, Eveline and Joe Vatcher went to Greenwood City to see Maureen Heath and Amanda Jean before they went to their home at North Waterford, Friday. The baby is a honey.

Several attended the Sportsman's meeting at the Legion Hall, West Paris, Saturday evening. The meeting was delayed for awhile as the president, Harlan Abbott, and Mary Emery, had an ambulance call, due to an accident in West Sumner.

Callers at Joe Vatcher's: the Abbotts from Rumford, Harlan Abbott, Alfred Bernier, Kenneth Vatcher and family and Rhoda Vatcher, Mattie Holden, the Vet. Norman was in a good mood, so I sent him out to dig himself a big box of parsnips so he was happy. I haven't been able to call on Eva Yates at Sunday River yet.

WOODSTOCK HISTORICAL SOC.

The Boiler Room in Bryant Pond reopened May 5. The Woodstock Historical Society has provided the following information on the building when it was Mann's Mill (much of the atmosphere of the original building has been retained).

Lewis M. Mann & Son was founded in Norway in 1870 by Lewis Merritt Mann. It originally manufactured clothespins. It was located previously at West Paris and Milton Plantation and manufactured boltwoods. In 1900 Lewis purchased a chair factory at Bryant Pond. He remodeled it for wood turning and in 1904 went into partnership with his son, Edwin Mann. Lewis died in 1923. The new factory burned in 1905 and the Milton plant in 1915. A new factory was built in Bryant Pond in the years 1921-23 and a lumber mill included in 1924. Abner Mann was foreman until his tragic death in 1953. Edwin died in 1954 and the business was incorporated using the trade name Lewis M. Mann and Son. The clothespins manufactured from

birch were known as "Mann's" but I may do that when I go smelting one night this week. Wouldn't she be surprised to receive a nice fat smelt? But is she like me and would need more than one fat smelt to satisfy her appetite. Have a nice week.

U.M.W. HOLDS MAY MEETING

The United Methodist Women held their May 6 meeting at the annex of the Bethel United Methodist Church.

The program for the afternoon was a talk by the Rev. Lynn Joslyn, District Superintendent of the Methodist Church. She told of growing-up in Maine, attending college and her decision on becoming a minister. She told of the many places she had served and what her present duties as District Superintendent include.

At this time Hulda Stevens and Chloe Cummings were honored as Special Members in the U.M.W. Lynn presented them with Honor Cards and pinned pins on each one. Delicious refreshments were served by the hostesses, Elsie Davis and Betty Perkins.

BETHEL HISTORICAL SOCIETY HAS "COLLECTIBLES NIGHT"

Items ranging from a faded Thomas Eakins painting to a set of family cook books were among those displayed and discussed at the monthly meeting of the Bethel Historical Society held Thursday evening in the meeting room of the Dr. Moses Mason House. Approximately 25 persons brought at least one item from their collections to what will become a historical society tradition "Collectibles Night."

Mrs. Helen Morton, chairman of the program committee, introduced each collectible and asked its owner to describe it, providing many pertinent and interesting details.

Following that portion of the program a film "Archaeology in New Hampshire: The Weirs Site" was shown.

Archaeological research at The Weirs began as part of an environmental impact study by the city of Laconia, N. H. This study revealed the importance of the site and city officials postponed construction plans so that archaeologists could gather more information about the early American Indian inhabitants of the Weirs.

These first inhabitants came at the end of the Paleolithic period which lasted from about 9,500 years ago until about 3,000 years ago. Most archaeologists believed that Early Archaic people could not live in New England because of the climate but The Weirs is a firmly dated Archaic site.

During the Middle and Late Archaic Periods, the population seems to have increased considerably with people living all along Weirs Channel. It is likely that populations were quite large during the fishing season.

The last prehistoric time period is the Woodland Period which began about 3,000 years ago and ended when the first European settlers arrived.

Prior to the program a short business meeting was held with Vice President Alden Kennett presiding in the absence of President

It was announced that the spring conference of Maine Citizens for Historic Preservation was to be held the week end of May 8 at Bates College. The schedule was posted on the Society bulletin board for anyone interested.

BINGHAM BETTERMENT CHALLENGE GRANT FOR THE LIBRARY

At the annual meeting of the Trustees of the Bethel Library Association on April 27, it was announced that the Bingham Betterment Fund will participate in a challenge grant to the Bethel Library Association.

For the next three years the Betterment Fund will double every monetary contribution to the Library Association to a total of \$15,000; the hope is substantially to increase the Library's endowment. By this means the level of the Library's book collection will be raised and the overall financial position strengthened.

Contributions which are tax deductible, may be made to the Bethel Library Association, care of John Head, treasurer. As a result of this generous offer by the Betterment Fund a gift of \$50, for example, to the Library Association will generate \$100 from the Betterment Fund.

It was also announced that to complement this challenge grant the Betterment Fund has made available \$15,000 for the renovation of the yet unimproved upstairs space in the Library plus the purchase of much needed equipment and supplies. A committee consisting of Trustees, Library staff, a senior citizen, and a teen-aged representative is considering exactly what needs should be met by this grant in order that work may be begun as soon as feasible on improvements to be made.

The Library Association deeply appreciates this generous assistance. It is hoped that the challenge grant stimulates a response worthy of this opportunity. The results will benefit every Library user and ultimately every Bethel taxpayer.

Letters to the Editor

May 11, 1982

To the Editor:

Since Mrs. Tibbetts often wrote your newspaper such succinct comments upon the death of various long-time Bethel residents I feel it is appropriate that someone say a few words about her at this time.

I did not really come to know her personally until I became the Director of the Bethel Historical Society in 1974 although I had always heard about her particularly from my two grandmothers who knew her well and appreciated her long service to the community. My first conversation with her was very accidental. I was working in the courtyard of the Moses Mason House when she came by on her daily walk around the block. We began talking and very soon I started to feel that I had always known her since she was interested in so many things and invariably seemed so easy to talk with even though she was then about 90.

After this, if I saw her working in her flower garden I would stop by to chat briefly on my way to the post office or occasionally I would pay her a call if I had a local historical question that needed to be answered. I never stopped being struck by the range of her interests and her keen powers of observation. I must admit that I was sometimes startled by her forthright comments and how often her views had a modern quality. Yet on occasion she could be quite traditional. I recall one time I said we ought to have more women involved in town

Greenwood City

— Mrs. Colista Morgan, Corres. —

No, it isn't autumn but how red the maples are!

Now, during the hour after sunrise every part of the valley re-sounds and quivers with life. The squealing cries of ducks fill the air, punctuated by an occasional squawk of a heron. Among the trees there sounds a tattoo of woodpeckers and noisy flickers.

Notes of real music come from the song sparrows and finches. The sun's rays touch the edge of a floating island made up of bits of vegetation and acts like a baton that summons up a chorus of frogs.

On a limb hanging from a bent birch sits a grackle expanding his wings and tail to catch every breeze. This one seemed to be looking at his image in the mirror of the pond. And Robin must not be left out. His wave of song hails the coming day until at least it breaks and dies away, as he goes about his daily work.

And added to all other sounds we had a new one (or should I say 40?) for approximately 40 Canadian geese came in for a landing on the pond in front of our house Monday at 10 A.M. What a noise they made! In 20 minutes or so they moved down the pond into the cove beyond the mouth of the Sanborn River. There they stayed honking, gabbling, calling to one another, as they rested before again pressing northward.

Monday and Tuesday nights passed then on Wednesday night about 2 o'clock they became real noisy and seemed nearer so I thought they must be forming their V for their journey. I hurried out of bed and to the window to look and listen. A blaze of stars and the bright moon glittered across the sky untouched by clouds. No geese, just that barking, honking, haunting the night. Thursday evening, part of the flock left and on Friday morning about 6:30 the rest of them except four, which left in the afternoon. This surprised me for I thought that they did not separate.

So all these things played a part in the pageant of green and the miracle taking place through the forces of the sun, moon, and winds. Everything was in delicate balance with those forces and each other.

My week was busy with gardening; flowers and vegetables. However, I did take time to visit the forest. I followed the Spring Road for some distance, directing my steps toward one of the hollows which was watered by a clear gurgling brook. Here, I found many trout lilies or dog tooth violets, each blossom guarded by a pair of mottled, erect, sentinellike leaves.

At the top of the next ridge I looked at the view of blue, soft, curved mountain scenery and green stretching to the horizon.

In one section I noticed a "nurse log", a fallen tree speckled by many small saplings drawing nourishment from its decay.

Back again in my yard I watched a muskrat and four ducks making their roads across the pond, traveling into the sun, that magic light which painted each cloud a different shade.

At the Holt farm the family gathered on Sunday to spend the day with Mother and Mother's birthday was Friday so there was a double celebration. Each helped with the dinner. We joined the party.

We ate all the food we were able. And there were leftovers to But the best dish on the table was Mom's joy in having us there.

To enjoy the day were: Mr. and Mrs. Robert Holt, Danny, Ricky, Jennie, Mr. and Mrs. Richard Miles, all of Windsor; Ann Holt, Bethel; Mr. and Mrs. David Holt, Dexter; Bernard Morgan and the honored guest, Fay Holt, and husband, Leonas Holt.

On Saturday I attended the Delta Kappa Gamma meeting at Bethel.

Mr. and Mrs. Fred Curtis had moved back to their home place. As callers this week: Mrs. Lucy Bragg and son, Tommy, West Sumner; Mildred Bowman, Ted Garber, Hebron; Eva Felton, Kathy Curtis, Irene Stevens, Town.

Eva Felton had a nice Mother's Day. Her daughters spent the day with her and prepared a dinner.

TELSTAR BASEBALLERS CONTINUE TO IMPROVE

The Rebel baseball team has run off a three game win streak and has won four of their last five contests. Telstar began its current winning ways with a convincing 10-1 victory over the MVC Class C Mexico Pintos. Rocky Myers and Jeff Morgan combined to hurl a one hitter in that game. The Rebels then lost a tough 5-4 decision to Class A Kennett High School. Telstar then got back to its winning ways with convincing wins over Buckfield 17-1 and Mexico again 21-11. This past Monday the Rebels entertained the Saints from St. Doms High School in Lewiston in a crucial Independent League game and came across victorious 5-2. Andy Chase pitched a fine two-hitter and helped his own cause with two hits. Brian Whitman also collected two hits and threw a runner out at home plate to cut off a potential Saints rally in the sixth. Whitman also made a great diving catch to rob the Doms of a sure double in the seventh inning.

Hitting leaders for the Rebels have been David Whitman .469, Rocky Myers .415, Andy Chase .425 and freshman Ken Whitney at .420. Making fine contributions in the field defensively have been Darren Tripp, Robbie James, Shawn Smith and Bryan O'Donnell.

The pitching staff, with a somewhat high 5.40 ERA is led by Rocky Myers, Chase, Jeff Morgan, Bobby Myers, Ron Lizotte and Al Merril. Scot Angevine, just brought up from the J.V. squad, is making a fine contribution in the catching department and Rick Savage, a reserve outfielder and Tom Merrill, hitting at .300 are making their contributions to the tremendous spirit and comradery that has developed on the team.

The Rebels, currently in second place in the league standings, one-half game behind Fryeburg, play at Kennett, N.H. today and then travel to North Yarmouth Academy for an important double header on Saturday.

The school house is getting a new look as Gilles Viens, Larry Lavallee and Donald Scott are working on the roof.

Planning board meeting was postponed because the Yarnells are still in England and others are busy with other activity.

A smaller than usual group gathered at Newry Grange Hall for Mother-Daughter banquet. Ethel Wight's mother, who is 89 years old and had 12 children was recipient of several carnations. Irene Mills of Bryant Pond showed dolls of a large variety and talked about them.

Half of my children were at the Bergeron home Sunday afternoon to observe Mother's Day with me. Laurie Bergeron made the cake and others brought or sent gifts or cards.

The hot summer weather has cooled a little but there was a more sudden than usual transition from long Johns to shorts. Jonquills, blooming from last year's pansies, painted trilliums, and full grown skunk cabbage arrived simultaneously with February Daphne.

Moose are sighted frequently in Grafton. A cow and two calves are reported among the herd.

She also brought "knocking sticks" for rhythm, guitar for accompaniment, and records of Australian music to sing and dance to.

Northwest Bethel

— Clarice Gibson, Corres. —

Mother's Day was a rainy, lazy day; a lovely day to go visiting or just to relax.

Friday evening the bright, full moon was beautiful with a wide yellow ring around it and it made a ribbon of color across the river. We watched it until the moon got higher and it seemed to get foggy.

Monday, Tuesday and Wednesday, May 4, 5, Freda Davis, Katie Kennah and I went to the Grand Jury in South Paris. Friday Frank III and Theresa came for the morning and dinner. Saturday George left early in the morning for Stowe to go hiking. After dinner Frank and I went to Berlin, N. H., on business. The mountains were beautiful with snow still showing white against the blues on some. May 1 my brother, John, of Oakland, Calif., and folks, Mr. and Mrs. George Allen, Norway, were here for dinner.

April 28, Christine Bachelier and Pat Anderson gave a baby shower at Andersons for Mary Lou Bills. Christine Bachelier made and decorated a lovely cake. Attending were Mrs. Bills' mother, Betty Van Nest, and sister-in-law, Mary Van Nest, Pikes Hill, Norway, Elaine Hutchins and girls, Edie Smith and Daphne Bills. She also received many gifts from neighbors who couldn't attend.

Mr. and Mrs. Ernest Angevine, and Ernest's sister, Agnes, and husband, Orial Deblois, Shelburne, N.H., left April 10 for a trip. They visited many places of interest, friends and relatives on the way to Texas and New Mexico for visits with their respective children and returned home May 2 after a journey through Michigan, Ohio, and into New York and Canada.

Saturday evening, Dick, Sue, Kristy and Tim Angevine took Ernest and Alberta to eat in Gorham, N. H.

Mother's Day, Judy, Victor Coolidge, and three girls had Mr. and Mrs. Ernest Angevine and Dick, Sue, Kristy and Tim, for dinner. Ida Chapman got calls Mother's Day from Betsy Wise, South Carolina; Sammy, Portland; Kathie, Melbourne, Fla.; Mary, West Bethel; Alan sent a card from Hayward, Wisc.; Tony and daughter, Katie, visited Mother's Day; Howard, Mack and boys, brought a bouquet of roses; Louise, Sarah, Alison, brought a plant. Frank and Ida visited his mother, Mildred Chapman, at Ledgeview Saturday evening.

Fern and Brad Benson visited his mother, Sylvia Benson and Frank, Mother's Day, and Sylvia called her mother, Alice Foss, in Hebron.

Steve Anderson and boys took Pat out to eat Mother's Day. Debbie Stearns and three children went to her folks, Mr. and Mrs. Robert Stearns, for Mother's Day.

Dawn and Ryan Seames went to Oxford Lanes, Rumford, last week with their church group. Friday, Larry Smith, son Shawn and Sally Chase of Fryeburg, and

PEARL ASHBY TIBBETS

Pearl Ashby Tibbets died the evening of Sunday, May 9, 1982, after some weeks of illness. She was born in Presque Isle, Maine, on Nov. 30, 1884, the daughter of Wilnot T. and Ada Ward Ashby. Her family came of Aroostook pioneer stock—her Grandmother was the first white child born in Aroostook County. She treasured the memory of her childhood on an Aroostook farm and loved country living.

She graduated from Presque Isle High School and received her training as a Registered Nurse at the Maine General Hospital. In 1912 she came to Bethel to nurse Miss Annie Frye who lived on Broad Street and in 1913 married Dr. Raymond R. Tibbets. There were three children; Ashby, who died in 1941; Mary Tibbets Freeman died in 1975; and Margaret Joy. Three grandsons also survive. Contributions may be made in her memory to the Bethel Library Association.

For the rest of her life she lived in Bethel, busy and useful. She worked closely with my Father in his practice, often going with him on difficult cases and serving in emergencies. She was active in the community. For many years she served as Church Clerk and Historian in the West Parish Congregational Church and taught Sunday School for 25 years. She was an early member of the American Legion Auxiliary and was particularly proud of Bethel's World War I contingent. She was a Trustee of the Bethel Library Association and a Life Member of the Bethel Historical Society. She was a lifelong and loyal Democrat.

In 1937 her book, "Land Under Heaven," an historical novel about early Aroostook, was published; portions of it have been used in the anthology on Maine, "White Pine and Blue Water." In the 1930's she wrote a series of articles for the "Lewiston Evening Journal." She had a keen original mind and there is much of historical value in her writing. Over the years she wrote often for "The Citizen" occasional verse for anniversaries, etc., comment on matters of local interest, tributes to friends.

My Mother was a remarkable woman, of high intelligence and a fine positive view of life. Her interests were wide ranging and her outlook always constructive. For many years she cultivated and maintained a beautiful garden around the house on Main Street, and perhaps to the very end of her life her strongest interest. Her personality was outgoing and gay, and her wit was lively and fresh. She was sweet tempered and cheerful and had a great capacity for enjoyment. What one did with Mother was fun. She was never lonely, never bored, never complaining.

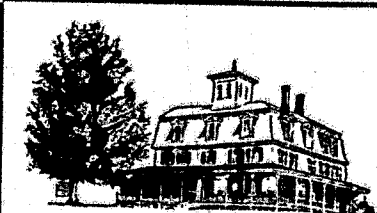

Above all she was kind and generous. In the nature of things many people who come to a Dr.'s office are worried and unhappy, and for them all my Mother had compassion and the ability to inspire courage. She told me this winter that she had always considered herself very fortunate to have come to so beautiful a town with so many fine friends; she herself had a splendid capacity for friendship and gave unstintingly to help others. On the opening page of her desk diary for this year she wrote the following:

"And now what shall I promise to do in this year of 1982? To do all work which is needed and clear.
To appreciate my neighbors dear.
To be truthful and faithful and harbor no fear.
Just continue to be loving and giving.
As I've tried to be in nearly a century of HAPPY Living."

A TRIBUTE

This week our town lost Pearl Tibbets and many of us paused to remember our friend and how she touched us through her many years. For some the memories span decades, for others thoughts are more recent. . . the arrival of hand-knit booties for a "Bethel baby" born in southern California and the realization that they came from the woman, never formally met, encountered daily on early morning walks in Bethel. . . return to Maine and the beginning of friendship through making tapes about Christmas for the Historical Society. . . who else in Bethel had swords standing in the corner, could produce five old golf balls for a visiting child while carrying on a conversation ranging from the current political scene to the two old ladies with hand-knit silk stockings with embroidered flowers who lived in our house and were brought a pail of water each evening by a gentleman living across the street as a sort of romantic gesture which went on for years. . . a 97-year old who could identify the best teachers among current instructors in Bethel schools as well as regale you with tales of her own Sunday School classes. . . the owner of the shed and barn appreciated by generations of stoop callers and one particular marmalade cat. . . annual collector of leaves. . . gardener and unceasing advocate of green-thumb activities. . . writer of poetry, a book, congratulatory and consoling notes, and those famous farewells in the "Citizen". . . wood-chopper and baker of Jail-bird pies. . . loyalty bred out of being, at one time, one of three admitted Democrats in town. . . shared interest in Indians and fellow Molly Ockett fan. . . recorder of temperature and daily events over a life-time. . . Above all, a friend, ever ready to drop her current project in the shed or kitchen and welcome a caller, to share news and dispense advice when it was requested, and finally, sending one off with "You'll come again?" For many in Bethel, and for Bethel folk now away, there will be so many occasions when we will wish that possible. . . our friend, Pearl Tibbets, remembered, loved and missed. c.s.c.n.

FROM THE TOWN OFFICE

continued from Page One
ticipated electrical power increases and new sludge site operations. The Board of Selectmen, who act as trustees of the sewer operation, will determine plant operation appropriations at a future meeting when revenue information is available. By and large, plant operations are funded from users' fees that are a function of amount of potable water used by participating households.

A special Board meeting was scheduled for the discussion of road grader alternatives that include purchasing or leasing a new machine, or repairing the existing one. Voters at the March town meeting requested that the Board research all possibilities and report recommendations at a special town meeting this summer. The special meeting on Monday, May 17, will decide the type of grader needed to do the job (for example, its horsepower, weight, etc.) as a prelude to initiating appropriate requests for proposal (RFPs).

In other action, the Board approved a game license permit application from the Mundt-Allen American Legion Post and weapon permit applications from Arlene Hayes and Harlan McAllister. Also, the fee for a non-Bethel dog impoundment was raised to \$15 to cover increased transportation costs.
